

NUNATSIAVUT ASSEMBLY

BILL NO. **- 2018

**A BILL FOR AN ACT RESPECTING HOUSING IN NUNATSIAVUT AND TO
ESTABLISH A NUNATSIAVUT HOUSING COMMISSION**

EXPLANATORY NOTE

This Bill, if enacted, would establish high-level Nunatsiavut policy to govern all housing development and programs. It would create a Nunatsiavut Housing Commission (the “Commission”) as the preferred institution for providing housing in Nunatsiavut. The Commission would be a semi-independent entity, not a division or department of the NG. The Bill would set out the Commission’s mandate and powers and provide for Community level involvement in matters affecting housing. It would provide an opportunity for Torngat Regional Housing Association (TRHA) and the Executive Council to address the impact of the Commission and the Housing Act on the role and functions of TRHA.

The Commission would be managed by a Board made up of the Deputy Minister of Nunatsiavut Affairs, the Controller, the Director of Housing and between four to six members appointed by the Executive Council (NEC). A majority of members appointed by the NEC would be appointed from a list of six to eight persons to be submitted by the Inuit Communities Joint Management Committee (“JMC”). This would require a consequential amendment to the mandate of the JMC. A Commissioner would have to be qualified and of good character. A majority of the Commissioners would have to be Beneficiaries and residents of Nunatsiavut. The Commission would report to the Minister of Nunatsiavut Affairs (“Minister”) and be accountable to the Assembly through the Minister.

The Commission would be the recipient of funds appropriated by the Assembly or otherwise acquired by the Nunatsiavut Government with respect to housing in Nunatsiavut. Subject to the Act and applicable regulations, the Commission would be mandated to take the actions that it considers necessary for the establishment and administration of housing programs and housing developments for Inuit residents of Nunatsiavut. It will be responsible for ensuring that there is consistency and uniformity in implementation of housing programs and services in the Communities. Its ability to borrow and lend for purposes of housing programs will be controlled by the Executive Council and will be subject to Constitutional restraints on borrowing and lending.

Confidential

The Board would hire a Director of Housing who would be the chief executive officer responsible for implementing the mandate of the Commission under the direction of the Board. The Director of Housing would liaise and cooperate with the Inuit Community Governments in relation to housing, housing programs and housing development in the Communities, particularly in relation to capital development plans and for purposes of acquiring and making available serviced residential lots. The Director of Housing would also monitor the work of the Community Housing Committees and liaise with them.

This Bill, if enacted, would establish a Housing Committee for each Inuit Community. A Community Housing Committee will consist of no less than three and no more than five members as determined by the relevant Inuit Community Government. Any two members of the Inuit Community Council other than the AngajukKak, at least one of whom must be on the Community's A voters' roll, would be appointed to the Community's Housing Committee by the Council. Community Housing Committees will provide advice and recommendations to the Commission through the Director of Housing with respect to housing needs and issues in the Community. Initially Housing Committees will not make housing allocation decisions but may be authorized to do so by the Commission or the NEC.
