2021 Polar Bear Licences

Beneficiaries of the Labrador Inuit Land Claims Agreement are advised that the 2021 polar bear licences for the Labrador Inuit Settlement Area will be issued under a draw system.

Beneficiaries who are interested in having their name entered into the draw must present and fill out an application at the Nunatsiavut Government office in their respective communities.

The application form must be filled out and submitted to local Nunatsiavut Government conservation officers by 12 noon on January 29 in order to be entered into the draw. The 2021 hunting season will open on February 2.

If you require further information, contact your local conservation officer or Wildlife Manager Jason Dicker at 709-922-2942, ext 249.
