For Immediate Release

Changes to COVID-19 support programs

The Nunatsiavut Government wishes to advise Beneficiaries residing within the Labrador Inuit Settlement Area of changes to the following COVID-19 support programs:

The **Emergency Heat Subsidy** has been suspended for the month of August and will be re-evaluated in September. This applies to both home-heating fuel and electricity.

As well, the weekly fuel allotment under the **Marine Harvesters Support Program** is being reduced to 25 litres. This change is effective immediately.
