

GIS Specialist

Location:

Nain

Department:

Lands & Natural Resources

Term:

Permanent Full-Time

Closing Date:

March 23, 2021

Responsibilities:

- Design, plan and implement GIS projects, through the collection of data, data modelling and analyze methods/programming.
- Analyze and clarify the technical parameters of work required for GIS projects and services, consult reference materials and records, provide technical advice for project planning, identify potential issues and implement recommendations.
- Consult and provide expert guidance on GIS applications, activities and proposals.
- Create methods and procedures to ensure data collection is designed in such a way that the results can be used in a GIS environment.
- Liaise with industry, consultants, internal and external departments to obtain and provide GIS information to stakeholders to meet the operational requirements of the department.
- Develop and maintain applications which integrate spatial and attribute datasets for online delivery to colleagues and clients.
- Maintain cadastral databases and a GIS/Database to support the Labrador Inuit Land Administration System.
- Other related duties as required.

Qualifications:

- A Diploma in Geographic Systems Technology or a Degree in Geography with GIS training or related Geographic Information Systems training and experience.
- 3-5 years' work experience in a related field.
- Proficient in the use of computers.
- Experience with ArcGIS Pro, ArcGIS Online, and geospatial web application development.
- Knowledge of programming languages such as Python, Javascript, and SQL.

Contact:

careersonline@nunatsiavut.com

Applications should be forwarded before 4:30pm on closing day.

The Nunatsiavut Government is an equal opportunity employer however preference will be given to beneficiaries of the Labrador Inuit Land Claims Agreement. Applicants are asked to clearly state their Nunatsiavut beneficiary number on their cover letter or resume when applying.
