

Residents of Mud Lake to receive second dose of COVID-19 vaccine on May 28

Public Health staff from the Nunatsiavut Department of Health and Social Development are scheduled to be in Mud Lake on Friday, May 28, from 10 a.m to 2 p.m. to administer the second dose of the Moderna COVID-19 vaccine to all eligible residents.

Residents of the community will be contacted by DHSD staff to arrange an appointment to receive the vaccine, which will be administered at the Community Centre. Those who do not receive a call are asked to please contact Sylvia Doody, Director of Health Services, at 709-896-9750, ext. 229.

Those unable to attend the clinic will have to make arrangements with Labrador-Grenfell Regional Health Authority by visiting [Pomelo Platform \(healthmyself.net\)](https://healthmyself.net) or by calling 1-833-960-3643.

Those receiving the vaccine are asked to please wear a short-sleeved shirt and to bring their MCP cards and the aftercare sheet that was provided when the first dose of the vaccine was administered this past February.

The Nunatsiavut Government continues to work with all relevant authorities to ensure the vaccine is administered as quickly as possible in a safe and efficient manner.
