

A Warmer Home for You and Your Family is NEER!

Apply to the Nunatsiavut Energy Efficiency Retrofit (NEER) program

2025 Residential Application

The Nunatsiavut Energy Efficiency Retrofit (NEER) Program is now accepting applications for homeowners interested in making energy efficiency improvements.

This program is available to *Beneficiaries* in the Labrador Inuit Settlement Area who meet the program requirements and reside in the Inuit Communities of Nain, Hopedale, Postville, Makkovik, and Rigolet. Only the homeowner can complete this application; if you do not own your home, you are not eligible for this program at this time.

The goal of this program is to reduce greenhouse gas emissions on a community-wide scale while also improving indoor air quality and home comfort for residents of Nunatsiavut. This can be done by upgrading existing building systems to reduce the amount of energy used and improving the insulation of homes. Eligible homeowners may qualify for **grants of up to \$20,000** (based on household income) to support home efficiency upgrades. This applies to homes with all types of heating systems.

Approved applicants will receive a **free home energy assessment**, conducted by trained professionals. This assessment will determine how much energy your home consumes and identify where improvements can be made. Based on the results, you may qualify for upgrades such as heating system upgrades, insulation upgrades, and other energy efficiency measures. **Please note:** Your Hydro Account Number is collected for program analysis purposes only and will not be used to determine eligibility.

Applications for this program will be accepted from **June 17th to August 11th, 2025**.

For more details about the program, what to expect during the process, and full eligibility requirements, please refer to the **NEER Program Guidelines** document.

Energy savings are NEER!

All required application documents can be submitted to your local Community Liaison Officer or sent to NGretrofit@nunatsiavut.com

If you have any questions or need any help when filling out this application, please contact Jamie Hewlett (1-866-922-2942 ext 280) or Stuart Michel (1-709-947-3558).

	<input type="checkbox"/> Wood / Oil Furnace Combo <input type="checkbox"/> Electric Baseboard <input type="checkbox"/> Electric Furnace – Forced Air <input type="checkbox"/> Electric Hot Water (Radiator/Baseboard) <input type="checkbox"/> Electric Heat Pump – Ductless Mini Split Please include appx. age _____ <input type="checkbox"/> Other: _____
4. If you selected woodstove in question 2 or 3, what type/brand/model of woodstove do you currently have? If it is unknown, skip to next question.	
5. What is the approximate age of your home (or what year was it built)?	
6. A) Most residential buildings & houses are built on basements, crawl spaces, concrete slabs (slab on grade), or a combination of these. What is your building built on?	<input type="checkbox"/> Full-height basement <input type="checkbox"/> Concrete foundation wall / crawlspace <input type="checkbox"/> Concrete piles or posts / crawlspace <input type="checkbox"/> Concrete slab / no basement <input type="checkbox"/> Other: _____
B) If you have a crawlspace or basement, is that area heated?	<input type="checkbox"/> Yes <input type="checkbox"/> No
C) If you have a crawlspace or basement, is that area accessible from the interior of your house?	<input type="checkbox"/> Yes <input type="checkbox"/> No

Previous NEER Applicant Information

Did you apply for NEER Program in 2024?	<input type="checkbox"/> Yes <input type="checkbox"/> No
If yes: Did you have an energy assessment completed?	<input type="checkbox"/> Yes <input type="checkbox"/> No
If yes: did you complete any major renovations to your home after your assessment was completed? <i>e.g.: Heating system upgrade, windows, doors, insulation, etc.</i>	<input type="checkbox"/> Yes <input type="checkbox"/> No
Have you received any renovations or upgrades to your home from any other NG or Nunatsiavut Housing Commission's programs in the last 5 years?	<input type="checkbox"/> Yes <input type="checkbox"/> No

Nunatsiavut Energy Efficiency Retrofit (NEER) Residential Application

If you did receive renovations or upgrades, please outline everything completed on your home in the last 5 years:

Please note that for eligibility in this program, an energy auditor must visit your dwelling to conduct an ENERGuide energy assessment to determine potential upgrade opportunities. Energy assessments will be undertaken in the summer and fall of 2025. Installation contractors will be available in 2026 to complete upgrades identified in homes approved for financial contributions from NG.

6. Do you consent to an energy advisor entering your home at an agreed upon date and time?
Please note: “Yes” is required to advance with the application. ☐ Yes ☐ No

To support program quality control and track success, the Nunatsiavut Government and CLEAResult would like to access your electricity consumption data from NL Hydro to analyze energy usage trends and improvements over time.

7. Do you consent to the Nunatsiavut Government and CLEAResult accessing your NL Hydro electricity consumption data? ☐ Yes ☐ No

8. Please list all permanent residents of the household, their age, relation to you, and gross income (as listed on line 150 of the Canada Revenue Agency’s 2023 notice of assessment). Income dependent residents under the age of 18, and those enrolled in post-secondary school, should not be included.

Name	Relationship	Age	Gross Income
			\$ CAD
			\$ CAD
			\$ CAD
			\$ CAD
			\$ CAD

Proof of income in the form of a 2024 Notice of Assessment (NOA) will be required for applicants to participate in the program. NOA submission must be received **no later than August 31, 2025**. This
